

# international women's network

The International Women's Network is a group of women who enjoy chatting with people from all over the world.

We exchange information about the local community while eating a variety of homemade foods. We meet at a member's house once a month. No reservation is needed. Just bring one dish of food and show up at the meeting.

Newcomers are always welcome!

Take advantage of this unique opportunity to enjoy the international city of Tsukuba with us!
